National Native Title Conference (NTC)

AIATSIS National Indigenous Research Conference (ANIRC)

31 May – 4 June, 2021 Kaurna Yerta land, Adelaide

Proudly presented in partnership with South Australian Native Title Services (SANTS) and Kaurna Yerta Aboriginal Corporation (KYAC).

We are excited to announce that for the first time ever, the National Native Title Conference and the AIATSIS National Indigenous Research Conference will be held together over five days from 31 May to 4 June, 2021.

The 2021 AIATSIS Summit is being co-convened with the South Australian Native Title Services (SANTS) and Kaurna Yerta Aboriginal Corporation (KYAC) on Kaurna Yerta land at the Adelaide Convention Centre in South Australia.

The Summit will provide a unique forum for First Nations peoples with representatives from the academic, research, native title, legal, community and public policy sectors to gather and address critical and emerging challenges as well as opportunities to support and strengthen Aboriginal and Torres Strait Islander cultures, knowledge and governance.

National Native Title Conference

NTC has been held for over 20 years and has grown considerably since the first conference in 2001. It now attracts close to 1000 delegates, including 850 native title stakeholders. Aboriginal and Torres Strait Islander peoples have made up over half of the delegates at the conference in recent years.

AIATSIS National Indigenous Research Conference

Last held in Brisbane in 2019, with more than 150 speakers and 450 delegates discussing a broad range of issues including Indigenous data sovereignty, Indigenous knowledge in research, Indigenisation of systems, Indigenous health and wellbeing, community development, governance, research and cultural capability, education, research ethics and assessment, repatriation, and the future of the research endeavour.

1300+

Acknowledging your support

The Summit provides a unique opportunity for sponsors to communicate with and promote their organisation within the native title and Indigenous studies sectors, and align with a strong and recognised international brand.

We rely on a small group of supporters at different levels. All supporting organisations will be promoted via a range of initiatives reflecting their support for this important national event.
