Use some of the bush tucker items written on your class’ list to create a restaurant menu. You should include:

- **Three main savoury dishes**, which may include meat. *Each dish must contain two or more bush tucker ingredients.*
- **One main meal that is vegetarian**
- **Three dessert options**
- **Two drinks**

Write descriptions of each dish on the menu. You may add one non-bush tucker item per dish. Present your menu in an appropriately decorated format on a single A4 page. Use *The Little Red Yellow Black Book* to help you decide on ingredients.
